The Nurse Mentor's Handbook: Supporting Students in Clinical Practice (Paperback)

By Danny Walsh

OPEN UNIVERSITY PRESS, United Kingdom, 2010. Paperback. Book Condition: New. 229 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. The importance of the role of the mentor in the education and development of health care professionals who are fit to practice is well recognised. This book, which focuses on the role as it applies to nursing, is a timely and complementary addition to the growing pool of available literature on this subject. The book offers mentors and would be mentors a cogent approach built on practical experience and a rational synthesis constructed from the field of relevant literature. The author uses real world anecdotal student comment to illustrate the points made thus providing valuable insight into the student perspective. Sylvia Hepworth, Principal lecturer / Subject Leader: Flexible Learning, University of Huddersfield, UK Part of the nurses role upon registration is developing student's knowledge and competence, therefore I believe this book is an asset for any nurse - mentor or not. It facilitates development of teaching skills and reinforces the various theories of learning .The handbook assists the nurse to be a role model for students and provides fantastic points for providing feedback for...

Reviews

It is just one of the most popular ebook. It usually fails to price an excessive amount of. You will not really feel monotony at any moment of your time (that's what catalogues are for about when you check with me).
