Brand New Book ***** Print on Demand *****.Excerpt from White's Practical Grammar and Composition White's Practical Grammar and Composition is the result of many years of close observation and hard study by the author. Grammar is the science of the sentence. No other subject requires a more concise and general treatment. Grammar reveals the processes by which thought is expressed, and when properly presented is calculated to lead pupils into a knowledge of their own powers of mind. Every word, phrase and clause in a sentence should be thoroughly understood, and this knowledge can be obtained only by frequent drills in analysis and parsing. In the study of the sentence, analysis should always be considered a leading product, and for this reason the author has prepared a very plain, practical and common sense system of diagrams. The model diagrams are accompanied by frequent drills in analysis and parsing, which, together with supplemental exercises in composition waiting, are sufficient to elucidate the correct application of the words used. Educators realize that a serious impediment to the study of grammar is the introduction into...

Reviews

The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).
