TECHNOLOGY AND LABOUR SELECTED ESSAYS

2007. Hardcover. Book Condition: New. 339 The book is a collection of selected essays on labour and technology published in a number of journals since more than a decade. The book aims at exploring the creative and destructive role of technology for employment and displacement of labour. Production of commodities is taken as the domain that gives and man-transformed resources are the means by which technology is expressed. Technological progress leads to changing skill requirement, which offers the scope for...
