With a serial killer on the loose, Langham and Oliver have their work cut out finding him before he kills again. Detective Langham has had a case on his desk for a while, but there have been no clues, no leads, and no damn break to help him find a serial killer. That is, until his psychic lover, Oliver, hears the voice of someone he knows a woman he works with at the local newspaper who has been abducted. When the woman is dumped in the stream, with the readers thinking she's dead, Langham decides to goad the killer via a press release and put one of his female sergeants out there as bait. He can only hope his team remain vigilant as the time draws near for them to catch the killer. David is that killer. After growing up in a dysfunctional household, he has very important reasons for abducting then killing women. He's on a personal journey, intent on understanding why he does what he does why he enjoys dressing in women's clothing sometimes and why he doesn't have sexual feelings for either gender. With his doll, Sally, by his side, David is convinced he will find the answers he seeks. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
